AOS-FC-1000

FC-1000 City Water Filter with Scale Control Media

Say goodbye to the chlorine taste and hello to better water with the A. O. Smith FC-1000 Whole House Filter — a solution designed to elevate your water quality at every tap and help safeguard your plumbing.

- **Great-Tasting Water, Everywhere**
  Premium coconut shell activated carbon filters out chlorine taste and odor, delivering crisp, clean water to every faucet, shower, and appliance.
- **Salt-Free Scale Protection**
  Scale control media helps reduce scale buildup in pipes and hot water appliances — without the need for salt, chemicals, or electricity.
- **Low Maintenance, High Performance**
  No drain line. No power required. Just reliable, whole-home water filtration with minimal upkeep.
- **Efficient, Water-Saving Design**
  The Vortech® plate technology and upflow service design improve water flow, reduce pressure loss, and eliminate the need for backwashing — saving both water and energy.

DESIGNED, ENGINEERED AND ASSEMBLED IN THE U.S.A

Member of Water Quality Association

FC-1000 City Water Filter with Scale Control Media

The Vortech® Plate

The A. O. Smith® FC-1000 utilizes Vortech Plate Technology in an upflow service design, improving flow, minimizing pressure loss and saving water as no backwash is required.
