SYSTEM FEATURES

YOUR CUSTOMIZABLE WATER TREATMENT SOLUTION

1. **CONVENIENT BUILT-IN BYPASS:** Bypass the water softener whenever you need it, like when watering your lawn!
2. **SMART TOUCH CONTROLLER WITH WI-FI:** Easy-to-use touch screen interface to customize settings for your specific water needs. Wi-Fi option sends alerts and notifications via email.

   ABSOLUTE BRINING

   ABSOLUTE BRINING: Only the salt and water you need is used to refresh the resin bed for maximum efficiency.
3. **SALT MONITOR:** Audible and visual alerts let you know when you need more salt or if there is an issue with your brine draw.

   SALT MONITOR
4. **EFFICIENT WATER DISTRIBUTION:** Baffle and distribution screens distribute water evenly through the tank. The result is no water channeling and no wasted media.
5. **CUSTOMIZABLE CHAMBERS:** Choose from our 2- or 3-compartment design to configure a combination of medias that solve your specific water needs.
   (See chart below for more information.)
6. **SAFETY SHUT-OFF:** Helps protect your home and system from potential water overflow.
7. **PROTECTIVE GRID PLATE:** Shields the air check valve to help maintain consistent brine concentration.

MEDIA GUIDE: TAILORED FOR YOUR UNIQUE WATER PROBLEMS!

Chlorostat (KDF55) Effectively reduces free chlorine, heavy metals, and micro-organisms. Excellent for municipal water supplies.	**Birm** Puts an end to rust staining by efficiently reducing dissolved iron and manganese levels in your water.
Sulfurstate (KDF85) Provides filtration to reduce dissolved iron, hydrogen sulfide gas, and heavy metals found in well water.	**GreenSand Plus** Reduces dissolved iron, manganese, and hydrogen sulfide gas commonly found in well water.
Ultra-Fil High density filter media made from garnet that collects sediment from your water.	**Fine Mesh Resin** Water softening media removes calcium and magnesium minerals fast with high capacities.
PC Carbon Remove bad taste and odors with this high grade media made from coconut shells.	**Nitrate Select Resin** A media that specifically targets nitrates that run off from nearby farms, golf courses, and other high fertilizer areas.
Calcite/Corosex Finely crushed white marble neutralizes acidic water to prevent the aggressive erosion of your plumbing.	**Tannin Resin** Charged beads that collect organic materials that have mixed with your groundwater.
Bacteriastat All WaterMax configurations will include this media at the bottom of the tank to prevent any bacteria growth inside the tank. Your system will stay clean with this worry-free addition.
