HOMEGUARD™ SOFTENER

A SMALL SOFTENER WITH A BIG IMPACT

Compact enough to fit in areas with limited space such as boats, RV's, condos and apartments. This softener is a low-maintenance powerhouse. Save time and money with built-in salt and water-saving technology. Hague Quality Water's patented packed mineral bed eliminates the need for a bulky water treatment system.

The perfect companion for your water heater, the Homeguard will soften water as it enters your home, reducing scale buildup in plumbing and helping your water heater perform more efficiently. You'll enjoy the benefits throughout your home as soft water keeps your home as softer water helps keep your home and family.

Reduces Scale Buildup
Fixtures Stay Cleaner

Softer Skin and Hair
Retains Moisture Better

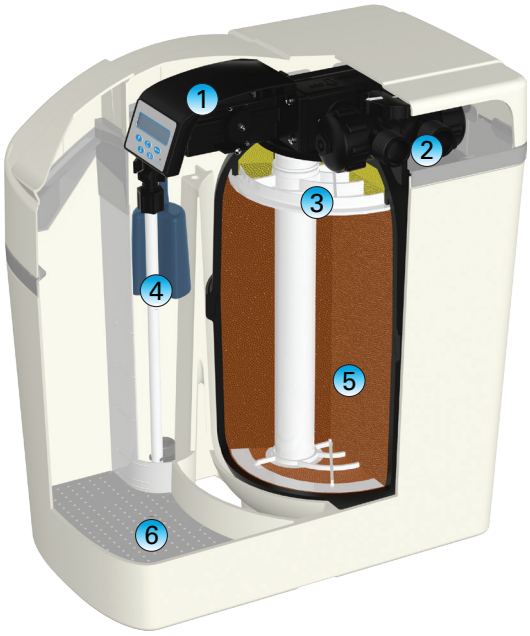

Fabrics Stay Bold
Soaps Wash Away Easier

Extend Life of Appliances
Reduces Mineral Build-Up

HomeGUARD™

THE MOST COMPACT WATER TREATMENT SYSTEM

1. **DIGITAL CONTROLLER:** Operates in three languages and retains cycle settings, even through power outages (up to 7 days).
2. **BYPASS VALVE:** Simply turn the dial to BYPASS so water does not enter the appliance. To return the appliance to service, simply turn the dial to the SERVICE position.
3. **BUILT-IN SELF CLEANING FILTER:** Filters dirt and sediment smaller than the human eye can see. There's never any cartridges to change and filter maintenance is required.
4. **SAFETY SHUT-OFF SYSTEM:** Helps to prevent the possibility of overflows.
5. **FINE MESH RESIN:** Patented mineral tank allows vacuum packed resin to provide a lot of softening power in a small space, eliminating the need for a 2nd tank.
6. **GRID PLATE:** The grid plate in the salt storage compartment provides a dedicated compartment to ensure consistent brine concentration.
